ZORK II

The Wizard of Frobozz

A verified maximum-score walkthrough

400 / 400 POINTS

Revision 48 | Serial 840904 | 320 moves | no deaths

Before you start

- Start a fresh game. Enter each numbered line exactly as written; each line is one command.
- This route uses the normal lamp, not the Wizard’s permanent FLOURESCE fallback. Keep the lamp on in dark rooms.
- Carousel/maze and Wizard events are random. For a reproducible regression, use seed 1035 with the local replay route.
- The side maps include rooms beyond this maximum-score route. Twisty passages are drawn as a player’s field sketch; dashed links mark puzzle gates or changing routes.
