How to play this route

Start a fresh Release 23 game. Enter each numbered command at its own prompt; repeated WAIT commands are intentional. Seed 1 selects the Sao Vera when Johnny shows the coin.

Take the note and key, secure your bankbook and shipwreck book, withdraw $500, then show the cash to Johnny and accept his deal. Pay the $401 contribution, buy the flashlight and shark repellent, and recover the envelope from McGinty's office after he leaves.

Hide the envelope under the Mary Margaret bunk before delivery. Set latitude 40 and longitude 45. Before sleeping, eat stew and drink water. Expose the Weasel and connect the deep-sea suit to the running compressor before the dive.

ENDING VERIFIED

At the final ascent, the diver reboards the Mary Margaret. Johnny opens the oak chest: hundreds of gold escudos, 250/250 points, and the “rich diver” rank. The route has no player-death event.

The field sketches cover the island, the Mary Margaret, and every room reached in the Sao Vera wreck.

The giant squid is asleep: pass through without looking at or touching it.

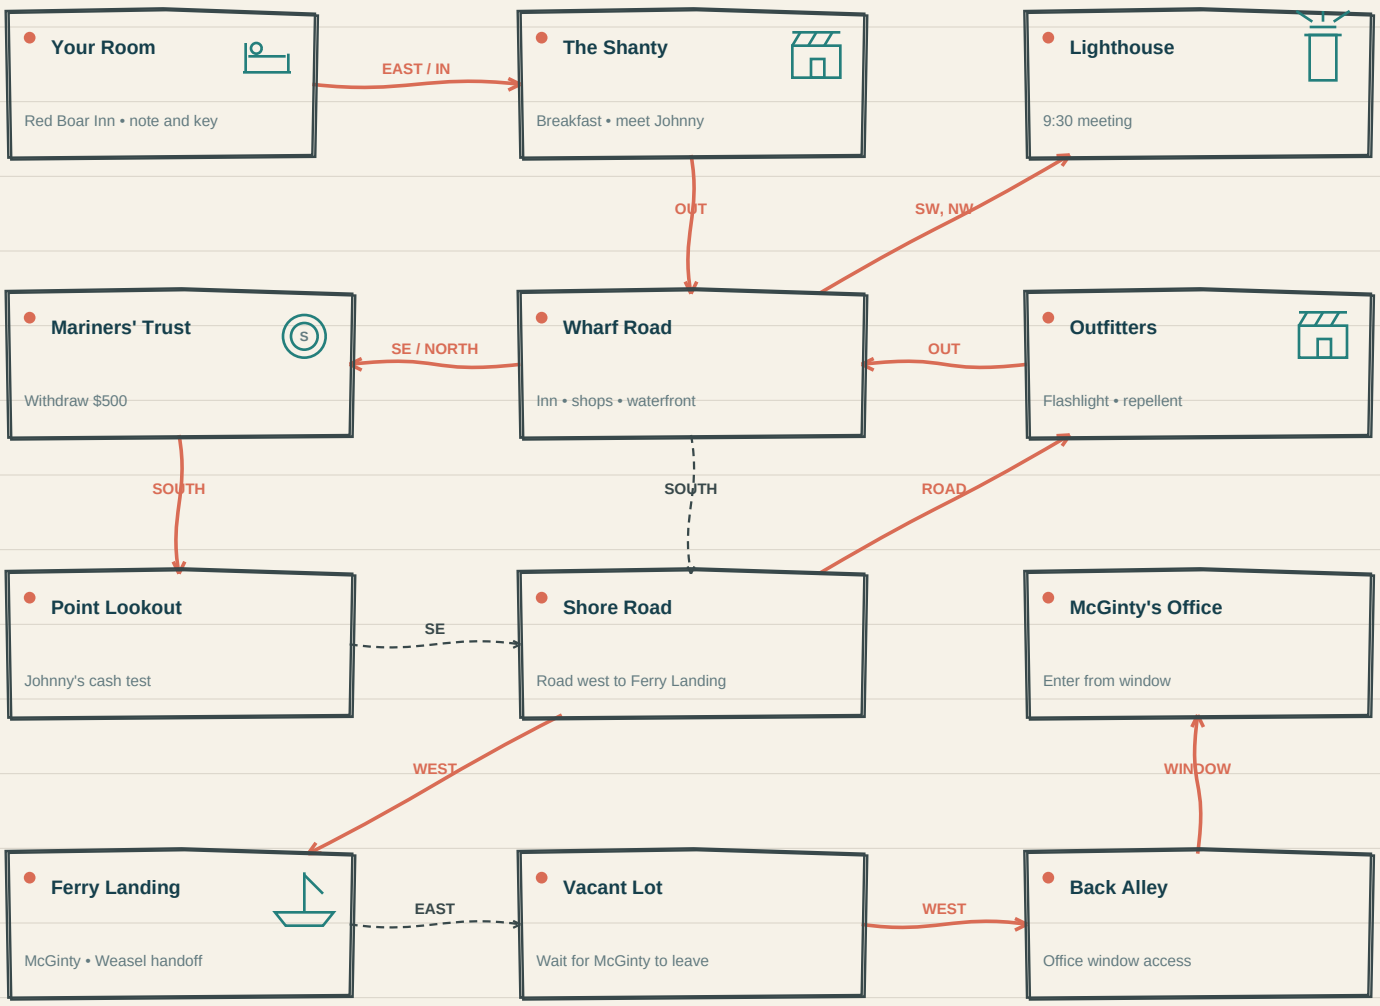
    250 / 250 • RICH DIVER ENDING

Hardscrabble Island

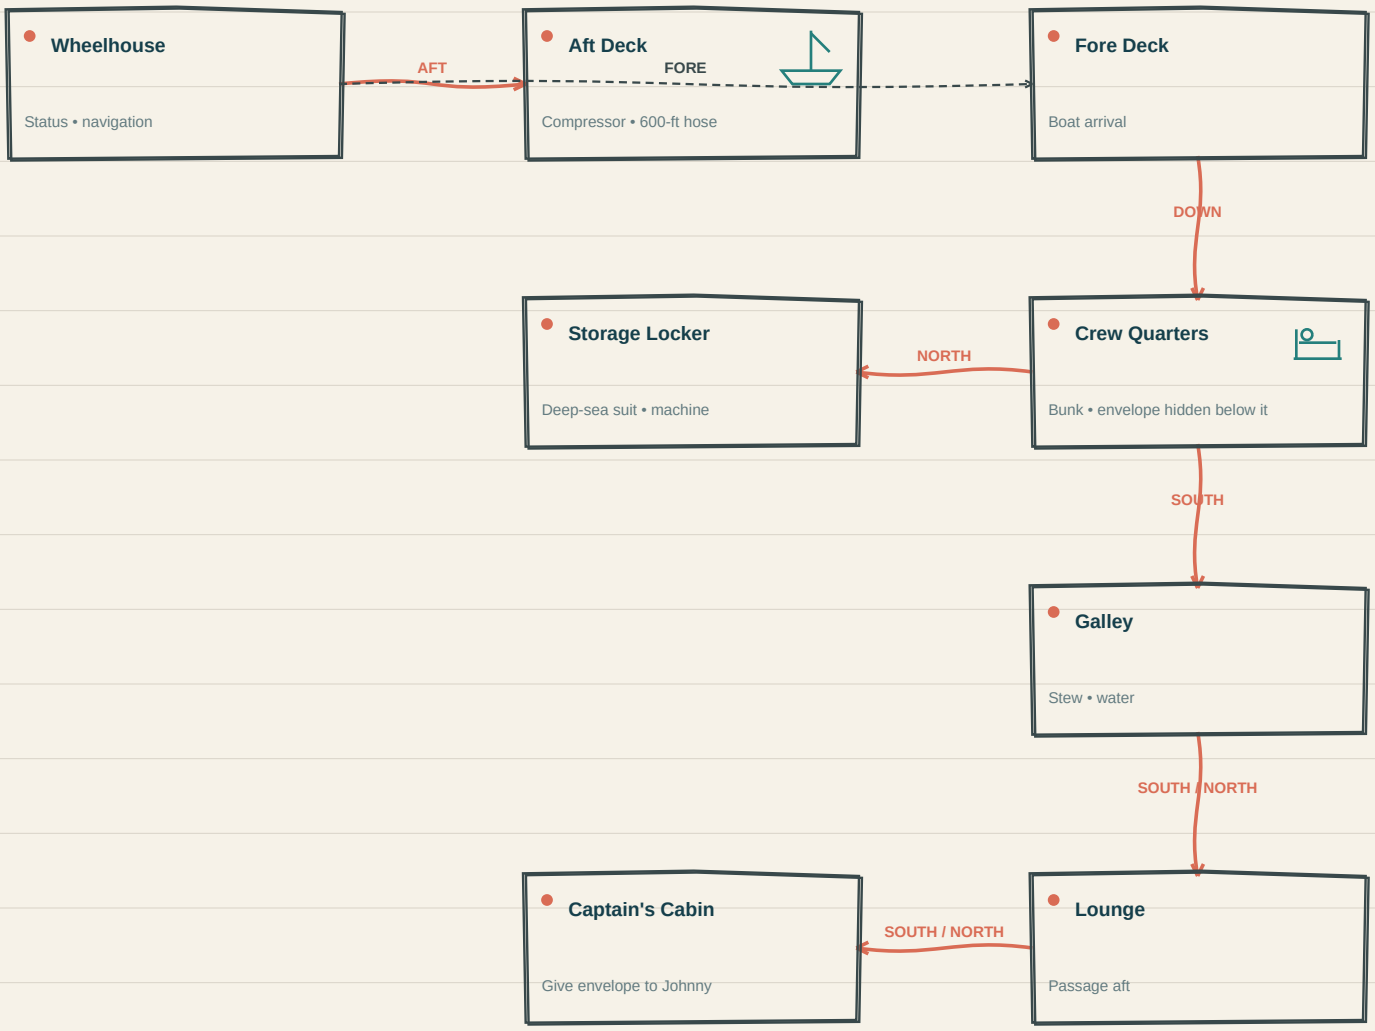
Street paths are simplified; red arrows trace the meetings, cash and envelope route.



The route uses a deterministic seed that makes Johnny's clue the Sao Vera coin. Wait through the lighthouse meeting and let McGinty leave his office before entering the window.

The Mary Margaret

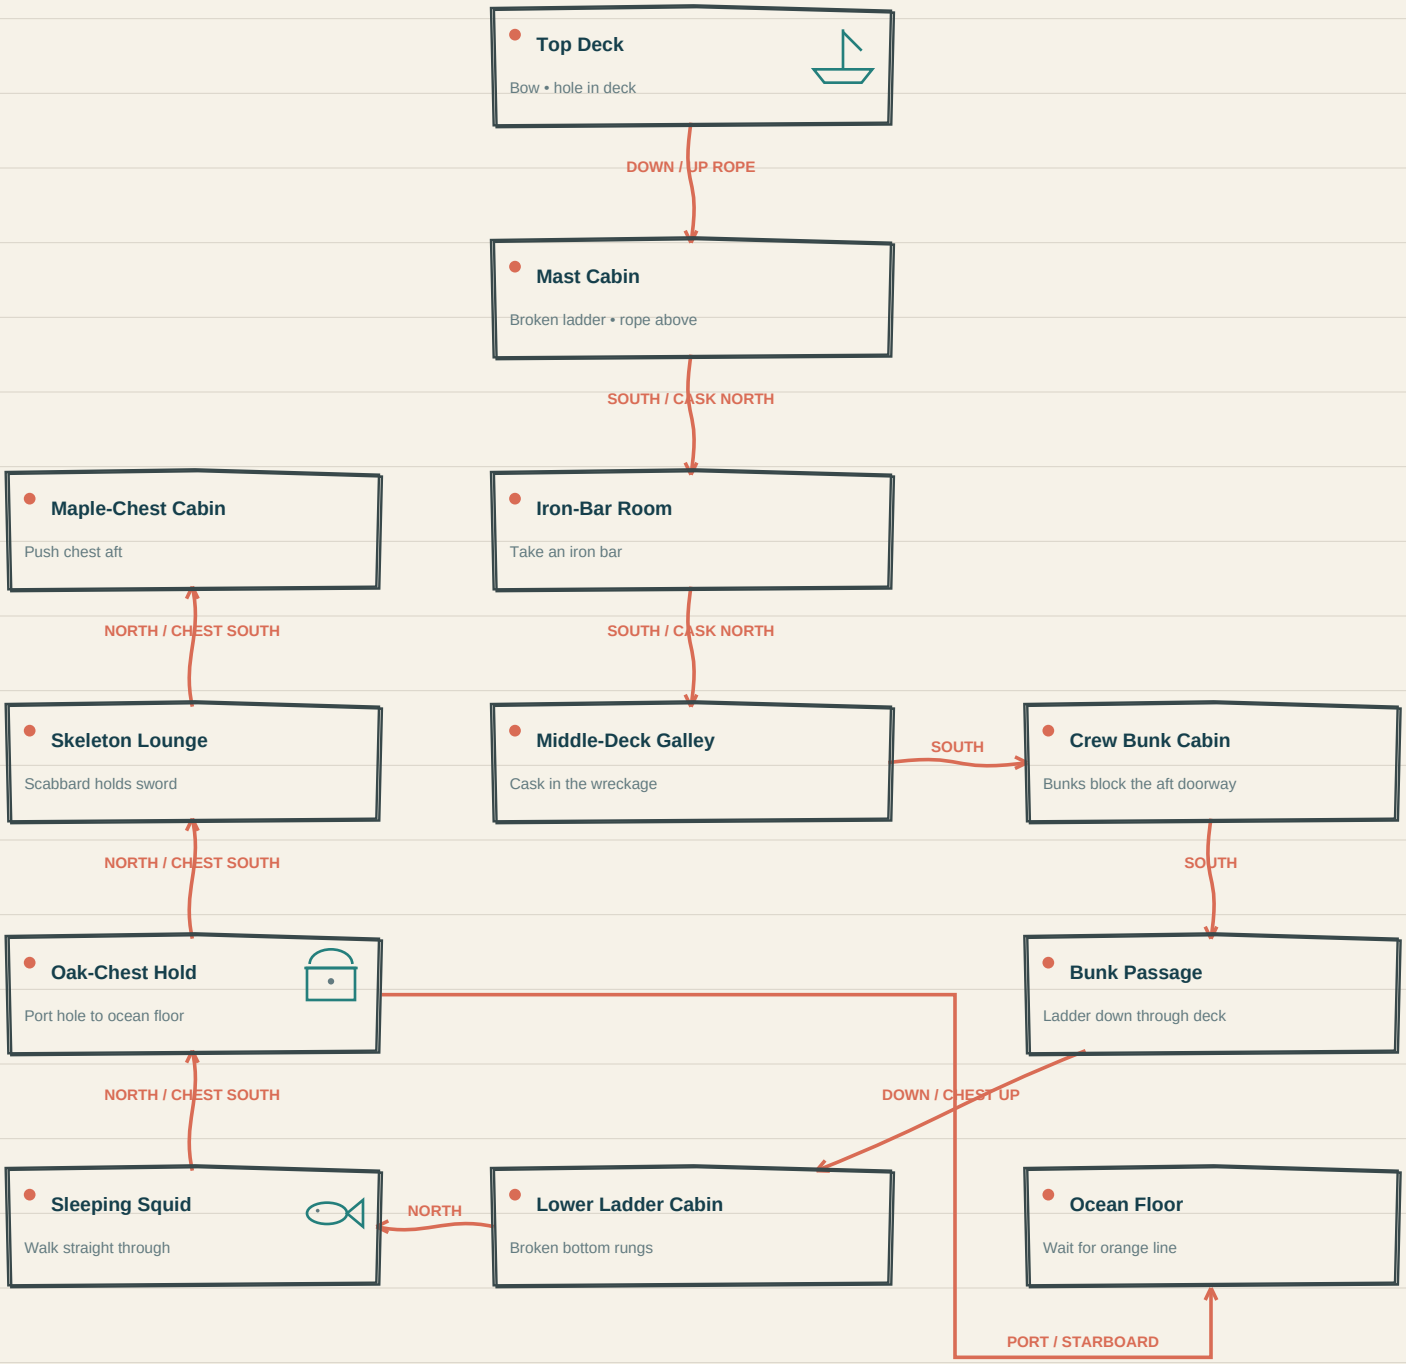
Deck connections and the crew sequence before the Sao Vera dive.



Hide the envelope under the bunk, wait for delivery, then set latitude 40 and longitude 45. Eat and drink before sleeping. After arrival, expose the Weasel; from the Galley go up to the Wheelhouse, then aft to the compressor.

The Sao Vera

A room-by-room sketch of every wreck space entered on the 250-point route.



The sketch is not to scale; labels are the game's compass directions. The oak chest exits through the port hole and rises on the orange line. Return starboard; move the maple chest south past the sleeping squid to climb the broken ladder. Roll the cask to the mast, cut the rope, then ascend to the Mary Margaret.
