Before you start

Start a fresh Trinity V4 release 12 game. Enter each numbered command at its prompt; the opening x is the story's startup keypress.

This route follows the local hints through seven eras, returns to Palace Gate after cutting the correct positive wire, then waits for the final story event.

The guide reports only the locations found in the successful route transcript. Arrows mark the schematic first-visit sequence, not exact compass directions.

Score checkpoints

15 points · Park items

Soccer ball, paper bird, gnomon and crumbs begin the score route.

22 points · Gnomon

Bring the carried items through the perambulator and into the first historical scene.

33 points · Tree crossing

Use the gnomon, symbols, cottage, and clues to collect the key items.

42 points · Coconut

Prepare the bubble crossing and recover the emerald in the cauldron.

59 points · Moon emerald

Use the seventh symbol; collect the coin and place emerald and ruby.

70 points · Radio dial

Tune radio, save the lemming, retrieve the papers and reach Able.

95 points · Access panel

Read Able's clue and cardboard diagram; cut the

100 points · Ending

Back at Palace Gate, go east, north twice, wait,

ENDING VERIFIED The story reaches The End at 100/100 points, ranks Tourist, and reports 465 moves. The player survives.

The hand-sketched maps cover all 69 locations reached on this route; spacing is schematic.

The player survives the route and reaches the story's final 100-point ending.
