ZORK II

THE WIZARD OF FROBOZZ

A maximum-score route to the Zork III landing

SCORE	MOVES	DEATHS	INSTRUCTIONS
400 / 400	484	0	396,470

Verified story: Z-machine V3, Release 48, Serial 840904. The route reaches the Zork III landing with 400 points and no deaths. It was replayed from a fresh game with deterministic seed 8.

How to use this guide

Follow the numbered stages in order. Commands are shown in Courier. Directions assume the route has left you in the stated room. The Carousel and odd-room transitions are randomized; use the named room descriptions as your checkpoints. Wait counts are called out where timing matters.

Route checkpoints

The exact local replay consumes 405 player command inputs and 396,470 VM instructions. The final score is 400/400 at the Zork III landing. The replay contains extra state checks, retries, and timed waits; the numbered steps below condense them into a player-facing walkthrough.

03. Stage the Wizard's treasures

Place the colored spheres on their matching stands and leave the violin, necklace, gold key, and statuette in the Pentagram Room. Keep the Wizard alive while completing the volcano and bank; his Floresce spell will be needed after the lamp burns out.

```
go west
turn off lamp

put blue sphere on sapphire stand
go south
drop violin
drop pearl necklace
drop gold key

04. The volcano and bank treasures

Collect the balloon supplies and Moby Ruby. Use the balloon to recover the coin, stamp, and crown. Rob the bank with its north wall passage; if carrying limits block the portrait, set items down and make another trip. At Fresco Room, let the Wizard cast Floresce after the lamp burns out. The replay waits 40 times there; the fourth wait triggers Floresce. Leave the bank treasures in Fresco Room for the demon trip.

05. Summon the demon and defeat the Wizard

Return to the Wizard's Workroom. Break the aquarium with the sword, use the white sphere to create the black sphere, then place it in the Pentagram. Give the demon the staged treasures. Collect the bank valuables left in Fresco Room, return, pay the rest of the fee, and have the demon kill the Wizard.

06. The menhir, maze, and Zork III

Float the menhir with the wand and take the giant collar. In the Oddly-angled Rooms, get the wooden club and run the bases southeast, northeast, northwest, southwest. From the final room, go east to the center stairway; descend, collar Cerberus, open the crypt door, and go south twice to reach the Zork III landing.

```

Completion check: the transition should halt at the Zork III landing with 400/400 points. This completes Zork II.
