Maximum-score rescue walkthrough

A deterministic route to the high-wire rescue ending

VERIFIED FINISH

200 / 200

388 commands | 385 moves | no fatal player death

795,578 executed instructions | seed 1

57 opcode rows | Release 97 | Serial 851218

Before you start

Fresh deterministic replay: seed 1035. Enter one command per prompt, in order. The route earns the full 200 points in 385 moves and reaches the rescue ending.

The script prints a comic death banner once after a fall from the cage, then immediately says the report is exaggerated and you suffer only injured pride. The game continues without restarting or losing score; this is a nonfatal gag, not a death ending.

For the finale, take the lion stand from the Lions' Den, put it in the ring and call for the net. Phone WPDL during its pledge appeal, then use the radio's classical music to calm Mahler on the wire. Do not let go until Chelsea has fallen into the net.

Score checkpoints

Early acts
10 to 70 points: tightrope, clown alley, mouse and circus clues.

Hypnosis
100 points: finish the hypnotist's sequence and hawker act.

Radio
120 points: record and play the tune that calms Mahler.

Evidence
160 points: collect the case and show it to Jenny.

Chelsea
180 points: free Chelsea from the trailer compartment.

Best ending
190 net points, then 200 / 200 for the rescue.

ENDING VERIFIED Chelsea is caught; the crowd saves you. The circus is safe (200 / 200).

The hand-sketched maps cover all 34 locations reached on this route; spacing is schematic.

The cage fall is a scripted false-death gag; the story confirms survival and continues.
